Palm Sunday, Jesus entered Jerusalem to shouts of “Hosanna to the King!” Five days later, the same crowd that welcomed him as King, turned on him, and shouted, “Crucify Him!” Jesus was whipped, spat upon, and hung on a cross with two common criminals to die.

His disciples that so willing followed Him went into hiding fearing for their lives. What was it that caused grown men to go from hiding to believing to teaching and proclaiming that Jesus Christ is the Son of God? What changed them?

Proof. Proof that Jesus was alive again. They were witnesses.

Jesus willingly hung on a cross and sacrificed his life to wash away the sins of humanity. His death on a cross fulfilled 351 prophecies of the Old Testament. Jesus overcame the grave.

In him, there is no death, only life. Those who believe leave this earth and are with him.

The relationship with your Savior can start today. He is alive...and this changes everything. We'll see you Sunday.
